

DYSPEPSIA.—To soothe the sufferings of humanity, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of **DR. C. BENJAMIN BRANDRETH'S PILLS.** The cures effected by this medicine would fill volumes.

Views on indigestion as a source of undefined and irregular Nervous Sensations.

“I, small at first, grew larger from delay, And slowly eat their sad and cankering way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone.”

The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion conveying the morbid impression to the Brain. And although the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and, further, there is abundant evidence to prove that erudities in the stomach and bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body; and whether we survey it in the agonizing form of the *Tel. Delorance*—the alarming convulsions of the Epileptic seizure—or in the irritable condition of the nerves of the heart occasioning nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies. To relieve a state of so much suffering and distress (in which body and mind also participate) **BRANDRETH'S PILLS** are confidently recommended; as, by combining aromatic tonic and cleaning properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system; and in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease. Read the following:

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 5th, 1843.
Dear Sir:—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption, and that if I did not give up my business, and change climate, I could live but a short time.

I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, had but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box and commenced taking them.

The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change; the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and my expectation of an early death vanished, and I felt like a “new creature.” I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear Sir, truly yours,
J. I. COOK,

Publisher of the State Banner.

THE WONDERFUL CURES

Per-
form-
ed by
Dr.
SWAYNE'S
Compound Syrup
of Wild Cherry,
in
Pulmonary CONSUMPTION,
have excited the astonishment of all who have witnessed its marvellous effects; there is no account of a medicine, from the earliest ages furnishing a parallel; the almost miraculous cures effected by this extraordinary medicine, are unprecedented. One among the many certificates may be seen below.

CINCINNATI, Feb. 15, 1840.

Dr. SWAYNE—Dear Sir:
PERMIT me to take the liberty of writing to you at this time to express my approbation, and to recommend to the attention of heads of families and others your invaluable medicine—the Compound Syrup of Irons Virginia, or Wild Cherry Bark. In my travels of late, I have seen, in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Coughing, Wheezing, Choking of Phlegm, Asthmatic attacks, &c., &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an “only child,” whose case was almost hopeless, in a family of my acquaintance. “I thank Heaven,” said the doating mother, “my child is saved from the jaws of death!” and I now say and believe that, beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with complete success. I am using it myself in an obstinate attack of Bronchitis, in which it proved effectual in an exceedingly short time, considering the severity of the case. I can recommend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial—worth double, and often ten times its price. The public are assured there is no quackery about it.
R. JACKSON, D.D.,
Formerly Pastor
of the First Presbyterian Church, N.Y.

In districts where Calomel and Quinine have been too freely made use of in bilious complaints, &c., Dr. Swayne's Compound Syrup of Wild Cherry, will prevent their evil effects on the system, and act as a strengthening alternative and improve the bilious functions.

CAUTION.—All preparations from this valuable tree, except the original *Dr. Swayne's Compound Syrup of Wild Cherry*, are fictitious and counterfeit. Prepared only by Dr. Swayne, whose office is now removed to N. W. corner of Eighth and Race streets, Philadelphia.
Sold by Wm. Stabler & Co., in Alexandria; G. M. Sothoron, in Georgetown; John Hann, Point of Rocks, Md.; the Rev. Isaac P. Cook, No. 52, Baltimore st., and J. W. & R. W. Davis, Baltimore, Md.; E. J. Stansbury, Annapolis, Md.; and by
nov 24—6m R. FARNHAM, Washington.

FRESH BUTTER, EGGS, &c.—The subscriber has just received a choice lot of fresh Table Butter

48 choice New York Cheeses
50 dozen Fresh Eggs
200 bushels Mercer Potatoes

Also, for sale, Tamarinds, and a choice lot of Sweetmeats, &c., &c.

S. HOLMES,

jan 18 7th street.

SPERM AND MOULD CANDLES.—The subscriber has on hand a fine lot of sperm, mould, adamantine, and the patent sperm candle; also, a superior article of lamp oil.

S. HOLMES, 7th street.

STONE WARE.—Bath Brick, Paste and Liquid Blacking. For sale by

S. HOLMES, 7th street.

HOARHOUD CANDY.—The subscriber has recently been appointed agent for the sale of Pease's Hoarhound Candy. He could speak from personal knowledge of its beneficial effects in cases of severe cold, coughs, &c., but, lest he may be deemed an interested witness, he adduces the following, among numerous other testimonies, to the same import:

Hermitage, April 17, 1843.

I have the pleasure to acknowledge your kind favor of the 1st ultimo, by the hand of my friend, Mr. J. Armstrong, and with it your most esteemed present, a package of your Hoarhound Candy, for which receive my sincere thanks. I can only add, that may thousands receive from its use as much benefit as I have done, then will its inventor go down to posterity as one of its benefactors.

I am gentlemen, very respectfully,

Your friend and obdt serv't,

ANDREW JACKSON.

Messrs. Pease & Sons.

Washington, April 6, 1843.

The President desires me to return Messrs. Pease & Sons his acknowledgments and very sincere thanks for the box of Candy received at their hands. He has used it with much benefit to himself, as a remedy for cold and cough. I am, with very much respect,

JOHN TYLER, jr., Private Secretary.

Albany, May 18, 1842.

Gentlemen: You will pardon me for the delay in replying to your letter of the 14th ultimo, and acknowledging the receipt of a box of your Clarified Essence of Hoarhound Candy.

Allow me to thank you for this kind respect, and to express the hope that you will be liberally patronized in your efforts for the public. The article is got up in beautiful style, and is highly commended by those who have had occasion to use it.

Your obdt serv't,

Messrs. Pease & Sons.

WM. C. BOUCK.

City Hall, New York, June 27, 1843.

Messrs: I have repeatedly used your Candy for coughs and colds, and always found relief, but official duties prevented me from writing to you before. But as I have lately been cured of the influenza, I cannot withhold from recommending the same to the public.

I am yours, truly,

ROBT. H. MORRIS.

Messrs. Pease & Sons, 45 Division street.

Lindenwald, Oct. 14, 1843.

Gentlemen: I have to thank you for the box of your, I doubt not, justly celebrated Clarified Essence of Hoarhound Candy, and also for the very obliging terms in which you have been pleased to present it.

I have not, I am happy to inform you, as yet had occasion to use it, but will do so when necessary, with a confidence in its efficacy which is well warranted by the experience of others.

Very respectfully, your obedient servant,

M. VAN BUREN.

After all, the best recommendation of it is a personal application which he invites those afflicted with coughs and all public speakers to make. He will keep a constant supply at his Family Grocery Store, on 7th street, nearly opposite the Patriotic Bank.

dec 9 S. HOLMES.

DR. TAYLOR'S BALM OF LIVERWORT. prepared at 375 Bowery, New York, is justly celebrated as the most wonderful curative of pulmonary diseases in the whole range of pharmacy, some of our most respectable physicians use it in their practice, prescribing it as the best of all remedies for pulmonary complaints and physical debility, and they unhesitatingly recommend it to be kept in every family of a consumptive tendency. It is universally received as one of the standard medicines of the day. The great merit of Dr. Taylor's Balm is, that in all cases of pulmonary complaints it gives immediate relief. A single bottle will, in most cases, reveal its astonishing virtues, and open at once the fountain of health and strength to the afflicted. Read the following certificate:

“Being constitutionally predisposed to Consumption, (a number of my family having died with this disease) and having suffered from irritation of the Lungs, accompanied with cough and raising matter and blood, together with severe pain in my side and breast, till I was supposed to be beyond recovery, I was induced by advice of Dr. Perkins, as a last resort, to try “Taylor's Balm of Liverwort.” I have taken five bottles in all. I began to improve with the first bottle, and while taking the third, was so far recovered as to be able to get about. Since which time, by continued use of it, I am quite restored, and able to attend to my usual business. To persons suffering from coughs and affections of the Lungs, I do earnestly recommend it.

(Signed) “JAS. C. SCOTT.”

ELIZABETH CITY, N. C. Dec. 16, 1842.

Observe—The only genuine Taylor's Balm of Liverwort has an engraved label around each bottle, with the signature of Dr. Gordon J. Leeds, attached, to prevent counterfeits. In order to be certain of obtaining the genuine article, purchase only at the original office, 375 Bowery.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

NAMELY:

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Symptoms, Scalding, or Lambeo, and Diseases arising from an injudicious use of Mercury, Acetate, or Dropsy, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

To promote the health of the body and increase the tranquillity of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his maladies, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence to the desponding mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeon, which retains its real value, but has lost its usefulness. Many or most diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave. Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. J. B. & D. Sands—

Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully,

J. M. OWENS.

New York, Dec. 1, 1843.

Messrs. Sands—

Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, who, nearly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning; then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine; but from the known virtue of your Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—if you have children suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c.

ELIHU & SARAH SOUTHWAY,

No. 95 Madison street.

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands—Gentlemen: It is with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed, and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle, I found a change in my feelings which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend,

EUNICE WOODRUFF.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

Prepared and sold wholesale and retail by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New York.

Agents in Washington city—ROBERT FARNHAM, Bookseller, Pennsylvania avenue, corner 11th street; and R. S. PATTERSON, Druggist, corner of Pennsylvania avenue and 9th street.

In Georgetown—O. M. LINTHICUM.
In Alexandria—WM. STABLER & CO.
In Baltimore—Dr. J. A. REED.

Sold, also, by Druggists, generally, throughout the United States. Price, \$1 per bottle—six bottles for \$5.

The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; and ask for Sands's Sarsaparilla, and take no other.

ap3—

ASTONISHING AND TRUE.

AMONG THE THOUSAND MEDICINES advertised as certain cures for pulmonary complaints, JAYNE'S EXPECTORANT stands alone. Its path to the public confidence has been paved, not with puff, but CURES; and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country. DR. JAYNE, being himself a Physician, does not profess to perform physical impossibilities; but he does assert, and is borne out by well authenticated facts, that in all DISEASES OF THE LUNGS AND CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove the mucus or pus from the throat so thoroughly as this. It effectually loosens the coagulated masses from the membrane which lines the trachea, and at every cough the patient will bring up portions of the disengaged matter. In all complaints of the pulmonary organs, even where nature seems to be making no effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disengage themselves of obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable with CONSUMPTION. Coughs, Colds, Asthma, Influenza, Bronchitis, Whooping Cough, in a word, all diseases of a PULMONARY nature yield to this preparation, if properly administered.

Rev. J. S. Maginnis, Professor in Hamilton (N. Y.) Literary and Theological Seminary, says:—

“I would not be without Dr. Jayne's Medicines in my family for any consideration. I have found them successful in cases where all other means have failed.”

Mr. Nicholas Harris, corner of Front and Lombard streets, Philadelphia, was cured of COUGH, ASTHMA, and

under which he labored for many years.

Rev. Ira M. Allen, of New York city, says:—“I have used Jayne's Expectorant, and have more confidence in it than

ALL OTHER MEDICINES

of the kind.”

Rev. Wm. Laws, Modestown, Va. says:—“I have used your expectorant, and found it an excellent medicine for PULMONARY DISEASES.”

Daniel Henshaw, Esq. Editor of the Lynn (Mass.) Record, says:—“Jayne's Expectorant is a very valuable Syrup, which we have lately used with good effect in stopping a Cough and loosening and breaking up a COLD.”

Rev. Arthur B. Bradford, of Darlington, Pa., says that it cured his son of CROUP in a few minutes.

The Bangor (Maine) Journal says:—“A trial of Jayne's Expectorant will satisfy all that it is a speedy cure for Coughs, Colds, Influenza, Asthma, Hoarseness, and all kinds of Pulmonary affections.”

Mr. Ebenezer Webster, of Providence, (R. I.) was cured of a severe ASTHMA, by using two bottles.

Rev. Simeon Seigfried, was cured of Influenza, a Hoarseness, and a hard dry Cough by one bottle.

Rev. Dr. Babcock, of Poughkeepsie, says that knowing Dr. Jayne to be a regular Physician, and having used his medicines personally and in his family, does not hesitate to commend them as safe and eminently useful medicines, and a valuable addition to our Materia Medica.

Rev. John Segur of Lambertville, New Jersey, who was suffering with a hoarseness and soreness of the lungs and throat, and a suffocating Asthma, was cured by one bottle.

Mr. J. L. Simpkins says that it cured his wife of CONSUMPTION, and one of his children of the WHOOPING COUGH.

Rev. Jonathan Going, D. D. President of Granville College, Ohio, says:—“He was laboring under a severe COLD, COUGH and HOARSENESS, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant.”

Mrs. Dilks, of Salem N. J. was cured of Asthma of 20 years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by five bottles. Dr. Hamilton of St. James, S. C. was greatly affected by a Cough, Hoarseness, and soreness of the Lungs, and on using a bottle of this medicine found permanent relief.”

Lewis C. Levin, the distinguished advocate of Temperance, stated at a meeting of upwards of three thousand persons, that he should not have been able to address them, but for the use of Jayne's Expectorant. He said that he had been laboring under a hoarseness and severe oppression of the chest, that he had purchased some of the Expectorant the day before, which had relieved him in a few hours, and he found himself, contrary to his own expectation, able to address the multitude.

The proprietor could add hundreds of other names equally respectable, who recommend JAYNE'S EXPECTORANT as superior to ALL OTHER MEDICINES for the cure of all the various Pulmonary diseases.

Prepared and sold by Dr. D. JAYNE, No. 20 South THIRD Street, Philadelphia, where all his other valuable preparations may be obtained.

NO EXCUSE FOR A BALD HEAD.

Since the important discovery of DR. JAYNE'S HAIR TONIC, every one may, if he chooses, preserve his hair from falling off, or if already bald may with certainty have his hair restored again by a faithful and persevering application of this valuable HAIR TONIC.

Please to read without prejudice the following communication from the Philadelphia Sun, which in addition to hundreds of others equally respectable should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC:

We publish the following letter from a sense of duty to the public. It is just such a letter as we should have expected from such a source. We know Dr. Quigly personally, and there is no man in the country, whose opinion is entitled to more respect. He is on all subjects honest and sincere, and his high character as a Physician can be attested by the first medical men in this city.—*Philad. Sun.*

Shepherdstown, Va. Oct. 10, 1843.

Dear Sir:—You inquire of me whether I have used your Hair Tonic, and the effects.

Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick set, and since its tendency to turn grey was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial and that it can do no harm, I have no scruples in stating facts within my own knowledge.

Yours, &c.

JOHN QUIGLY, M. D.
Dr. D. JAYNE, Philadelphia.
